

Thank you for selecting Pacific Trail Logistics (PTL) and entrusting us to transport your products in a safe and timely fashion.

Our carriers are carefully screened for the purpose of ensuring successful delivery. We require that each carrier has proper insurance and dependable equipment to optimize timely and successful conveyance of products for our customers.

The staff at PTL has over 50 years of combined experience in transportation and logistics. It is our mission to over-communicate with our customers and hopefully meet or exceed your transport expectations. We are committed to building long-term business relationships by providing the highest level of service while ensuring each shipment arrives at its destination on time and in good condition.

PTL is TIA Performance Certified, carrying a \$100K surety bond. Very few freight brokers carry this level of credential, so you can be confident that PTL is credible, financially stable, and here for the long term.
